Dr. Green:

This is complete with all the corrections we discussed. Please review and let me know if any further changes need to be made. The pictures will be different in the final book. Al Kohler has some pictures coming that will be here in a few weeks. And if possible to use the photos of the uniforms that you have.

Could you please write some information (cause of the war, etc.) regarding each war so that I may include that information in this book. I also had a suggestion from one of the employees here to have this book bound so that people would not steal the pages while at the different libraries. If you have or know of someone who could bind this book, possibly make it smaller, please let me know.

Thank you so much for your knowledge and dedication to this project. It would not exist without you.
